

Question #1: Who are the members of the OCTE Elementary Committee?

Meet Your OCTE Elementary Technology Education Committee

Our committee is made up of educators just like you. We are representative of each region across the province (north, south, east, west and central). We have both English and French language members.

Ron Ballentine
Vice-Chair, OCTE
Co Chair Elementary Technology
Education Committee
ballentiner@hdsb.ca

Ron is Coordinator of Science and Technology and Environmental Education for the Halton District SB. Recently Ron served on Technology Curriculum Review and Writing Teams. Ron has gained his 20 years experience as a classroom teacher (K-8) and in various consultant roles.

Cheryl Lovell
Vice-Chair, OCTE
Co Chair Elementary Technology
Education Committee
Cherlove@cogeco.ca

Cheryl recently retired as a technology teacher, grades 7/8, from the Greater Essex DSB, Cheryl is now a first time school board Trustee for the same board. Prior to retirement she served on the Ministry Technology Curriculum Review Team and other Literacy writing initiatives.

Ian Darling
OCTE Elementary Committee
Ian.Darling@dsbn.edu.on.ca

Working at one of the eight Elementary Design and Technology Centers. Ian is responsible for delivering the Technology component of the S&T curriculum. Ian has been employed by the District of Niagara SB for eight years and has worked to develop the current D&T program as well as act as a liaison between Science and Technology subject councils.

Richard Michaud
OCTE Elementary Committee
MICHARI@ceclf.edu.on.ca

Richard teaches 7-8 S&T and math for le Conseil des Écoles catholiques de langue française district centre est (OR CECLFCE) His 19 years experience and his interest in computer applications has made him critical in helping our committee to understand the needs of our French speaking members.

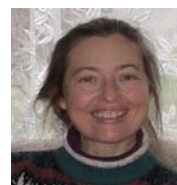

Bob Moulder
OCTE Elementary Committee
moulderr@hdsb.ca

A former D & T teacher, Bob has made the transition to teaching Science and Technology by taking on the role as the Science and Technology Resource Teacher with the Halton District School Board. In this role Bob assists teachers of grades K - 8 in their efforts to implement "hands on" technology activities into their programs.

Sue Sitter
OCTE Elementary Committee
sksitter@sympatico.ca

Sue is an SK (and/or JK and/or Grade 1) classroom teacher with the Nipissing-Parry Sound CDSB. Her knowledge and expertise with the primary curriculums is a valuable resource to the committee team.

Terry Wilkinson
OCTE Elementary Committee
terry.wilkinson@tel.tdsb.on.ca

Terry is a technology teacher for the Toronto DSB and a continuing education instructor for OISE/UT. She also has a visual arts background and over her 19 year teaching career, has taught junior/ intermediate special education as well as math, science and technology for grades 6, 7, and 8.
